Extension for Magento 2

Testing on Magento 2.1 with Sample Data.
Version 1.0 (23.04.17)

Customer Quote Items

The Customer Quote Items Extension allows you to view the products that are in the shopping cart.

The basic module features include:
- view user cart;
- filtering by a plurality of data fields;
- the ability to add or remove data columns in the user table of the cart in the admin panel;
- the ability to add different View for view.

Installation:
- Copy the folder with the module at the root of your site;
- run the following command:
    php bin/magento setup:upgrade
    php bin/magento setup:di:compile
    php bin/magento setup:static-content:deploy
    php bin/magento cache:clean
- after they are completed, you should see in the app/etc/config.php this module.

Use:
Go to admin -> sales -> Customer Quote
